eFoil Hilton Head is the official affiliate for LIFT eFoil boards on Hilton Head Island, SC. We love our island, the water that surrounds us, and all activities on a board.

We take you and your family out on private eFoil lessons designed to keep you safe and get you riding in the shortest amount of time. Most riders are up and riding the board in a matter of minutes.

Our lessons are so good we guarantee you will be up and riding during your lesson. Checkout our notes at the bottom of our pages to better understand how.

It would be our privilege to get you out on the water for the best thing to do on Hilton Head since the bridge was built. Come out with us and you'll learn to literally fly over the water on your first lesson.
